Library Tours

Walk-in tours start in the library lobby and last about 25 minutes. The library also offers a virtual tour at: <http://lib.sdstate.edu>

Citing and Using Endnote

Learn the basic parts and format to citing print and online resources, as well as how to avoid plagiarism by knowing when to paraphrase and direct quote. Also learn how EndNote can help you organize your research sources.

Archives 101

A basic overview of materials in the Archives at SDSU. Learn what we have and how to use primary historical documents, including items of university and local history, rare books and the Daschle Collection.

Finding Books

The library is full of more than half a million books and other materials available for your research. Learn how to use the Online Catalog to locate books held at Hilton M. Briggs Library, how to physically locate a book and more!

Government Resources

Learn basic strategies for locating federal government information in both paper and electronic formats.

Magazines & Journals

The library subscribes to thousands of popular and scholarly, print and electronic magazines, journals and newspapers. Learn the process for locating and using these resources in the library.

Research Tools (Held in the electronic classroom 125)

Get on the ball next time you need to do research! Learn why reference books are useful, what kinds of information they contain, and explore the reference collection.

Copyright (Online only via D2L)

This session will cover those aspects of copyright that every student should know. Topics include plagiarism, citations, fair use, and the ethical use of information. Ask a librarian how to access this session in D2L.
